5. Grant Reporting & Milestone Monitoring

CEO reported that the Grant Funds from the state have been on hold as DHS amending the budget. I would expect DocuSign to be sent out soon. They continue to provide non-billable outreach and prevention services focused on harm reduction, recovery support, and substance use prevention within the community and public schools. Services included community outreach, resource distribution, opioid awareness education, student prevention presentations, and collaboration with school staff and community partners. Milestones achieved included increased community engagement, expanded prevention education, stronger partnerships, and improved access to recovery and support resources despite staffing and funding challenges.

6. New Business
